le rehaussement culturel des programmes d'études constitue l'un des axes prioritaires de la réforme de l'éducation entreprise par le gouvernement du Québec dans les années 1990. À cet effet, dans son énoncé de politique éducative, le gouvernement prescrit qu'une place plus grande soit accordée aux matières plus naturellement porteuses de culture, dont le français, la langue première, et qu'une approche culturelle préside à l'enseignement de toutes les matières. Or, les documents officiels accompagnant cette prescription accordent des significations plurielles à la culture et à l'approche qui en découle. En outre, les auteurs ayant pensé la culture et la langue en lien avec l'éducation proposent des conceptions non seulement nombreuses mais également conflictuelles de la culture et de la langue. Par conséquent, que peut signifier l'approche culturelle dans l'enseignement du français, langue première au secondaire, répondre à cette question s'avère essentiel afin d'éclairer la pratique d'enseignants soucieux d'intégrer la culture dans leur classe. Pour ce faire, nous avons circonscrit différents discours tenus sur la langue, la culture et l'éducation et les avons

examinés sous l'angle de leurs fondements de leurs finalités et des rôles qu'ils accordent à l'élève à l'enseignant et au savoir dans le cadre d'une approche culturelle de l'enseignement de la sorte il nous est possible de proposer des pistes pour donner sens à cette dernière dans l'enseignement du français langue première au secondaire et pour penser la relation fondamentale entre la langue et la culture sur le terrain de l'école

séparer l'enseignement apprentissage de la langue étrangère de son contexte socio-culturel signifierait la déformer la priver de son rôle de vecteur de l'identité des valeurs de ses locuteurs apprendre une langue étrangère c'est accéder à une nouvelle civilisation avec tout ce qu'elle implique mais c'est surtout appréhender les marques implicites des relations sociales des gens qui la parlent enseigner conjointement langue et culture est primordial pour les sociétés qui sont ouvertes à l'immigration tel le Québec pour que les nouveaux arrivants puissent s'intégrer à la vie collective du pays d'accueil il est indispensable qu'ils apprennent la langue de la majorité linguistique toutefois il est nécessaire aussi de leur faire comprendre que la langue va au-delà du simple sens des mots elle est révélatrice d'attitude et de comportements dont l'adoption est le gage pour une intégration réussie ce livre s'adresse à tous ceux qui ont à cœur la propagation de la langue française dans leurs pays

ethnicity write J. W. Berry and J. A. Lapointe in their introduction to this volume is likely to be to the twenty-first century what class was to the twentieth that is a major source of tension and political conflict however ethnicity is also increasingly likely to be a source of inspiration and diversification within society because of the rapidly developing importance of ethnicity and culture in Canada the Social Sciences and Humanities Research Council and the Ministry of Multiculturalism and Citizenship undertook in 1991 a project to review research on the subject this volume in nineteen chapters is the record of the findings papers cover such topics as demography political philosophy history anthropology sociology media studies literature language learning education and ethnic and multicultural attitudes looking back to the Commission on Bilingualism and Biculturalism mandated in 1963 the editors point out that the terminology has changed radically and that the evolution from biculturalism to multiculturalism has clarified not only the political agenda but the research agenda as well an insistent theme recurs throughout this volume multiculturalism is taken increasingly as being a characteristic of Canadian society as a whole rather than a concept focused exclusively on new Canadians while the Canadian population has always been ethnically diverse only recently has the diversity been systematically analysed ethnic and multicultural studies are

remarkably well developed in canada the editors conclude however they point out one shortcoming more apparent in some fields than others we often know quite well how the dominant group views a minority but we often lack knowledge of the reverse attitudes and opinions berry and laponce recommend that we replace one way mirrors with windows preferably open windows book jacket title summary field provided by blackwell north america inc all rights reserved

the theme of borders has a particular resonance in french studies for decades france has been considered as one of the world s first fully formed nation states providing a model of state centred modernity events in recent years however have suggested some of the inadequacies of the french model points such as the long term presence in france of a population originating from north african immigrants the growth of islam as france s second biggest religion the development of anti centralist regionalist movements increasingly lively debates about sexual and social identities and the gradual decay of the prestige and the simple effectiveness of the french state have all resulted in a questioning of the nature of french identity each of these debates is expressed in turn by a growing concern about what constitutes mainstream france and by which borders this entity is to be framed book jacket
